

Name: _____ Class: _____ Date: _____

Marine Research Worksheet

Use the list of URLs from the Resources for Marine Research list for sites that will provide information about your organism. Fill in the following information, making sure that you answer all questions. Print out or draw a picture of your organism to include in your research report.

Organism Name: _____

Geographic range

- Where is it found?
- Is it always found in the same place?
- Does it migrate? If so, why?

Breeding Habits and Behavior

- Where does it breed?
- When does it breed?
- How many offspring does it have?

Food Habits

- What does it eat?

Predator or prey

- Is it a predator or prey species?
- If it is prey, what organisms prey upon it?

Add two facts that interest you most about your organism.
